Sound Makers Presented by Soundstreams

EDUCATOR TIP SHEET

INTRODUCING: SOUNDMAKERS! LISTEN CREATE SHARE LEARN

Over the last 30 years, Soundstreams has commissioned a large body of works from Canadian and international composers. Soundmakers allows you to explore these original compositions in their entirety and to create your own pieces using samples taken from each work. Once your pieces are complete, we hope that you will upload and share them with the SoundMakers community.

SOUNDSTREAMS: AN INTERNATIONAL CENTRE FOR NEW DIRECTIONS IN MUSIC

Led by Artistic Director Lawrence Cherney and Executive Director Chris Lorway, Soundstreams is a Torontobased music presenter that commissions, develops, and showcases the work of contemporary Canadian composers and their international counterparts.

These innovative collaborations are performed by the finest artists from Canada and around the world, and are presented in an annual concert series at Koerner Hall, in national and international tours, and through a variety of education and outreach activities.

Over the past three decades, Soundstreams commissions have added more than 150 works to the musical repertoire worldwide, reflecting a diverse variety of genres and cultural traditions. Projects have included festivals and conferences such as the Northern Encounters festival, University Voices, Toronto Fanfare Project, and Cool Drummings percussion festival and conference, as well as new productions such as Thomson Highway and Melissa Hui's Cree opera Pimooteewin: The Journey and R. Murray Schafer's Dora Award-winning site-specific opera *The Children's Crusade*.

WHAT IS SOUNDMAKERS?

SoundMakers is an exciting website and iPad app that gives composers, electronic musicians, DJs, sound designers, teachers, students and the musically adventurous unprecedented access to music commissioned by Soundstreams. Users are invited to engage with the process of creating music through exploring, commenting on, sharing, reusing, creating with, and building upon Soundstreams original content.
